

KC

Alliance

Sponsorship Levels and Benefits

Platinum/Sustaining Partner

Definition: Corporations or foundations that invest \$50,000 or more annually, typically with a commitment of at least three years. These contributions are critical to KC STEM Alliance's long-term success, providing the financial stability necessary for long-term planning.

In exchange for this strong commitment to STEM building in Kansas City, Platinum Partners receive the highest level of benefits available across these categories:

Regional STEM Leadership

- Board representation on KC STEM Alliance Advisory Board
- Representation on regional planning committees for FIRST and Project Lead the Way

Civic Recognition and Brand Awareness

- Logo recognition on all KC STEM presentations regionally and nationally
- Invitations to serve as panelists for KC STEM Alliance at regional events
- Participation in regional meetings and K-12 professional development meetings
- Scrolling logo recognition on front page of KC STEM website and inclusion on sponsor page of kcstem.org
- Top level logo recognition on all KC STEM outreach materials, including collateral, e-newsletters, advertisements, etc.
- Logo recognition on Project Lead the Way engineering notebooks distributed to 5,700 students annually
- Event sponsor recognition and logo presence at all KC *FIRST* Robotics activities
- Involvement in regional collaborative, cross-promotional opportunities and public relations efforts
- KC STEM staff assistance for company-specific STEM strategies and outreach

Workforce Development

- Opportunity to connect with post-secondary partners
- Opportunity to connect directly with STEM students for internships, job shadows, outreach programs
- Coordination of volunteer opportunities for employee engagement

Strategic Investment

- Support targeted grant making, activities and events that serve K-12 students, with special attention to underserved populations

Gold Sponsor

Definition: Corporations or foundations that contribute \$25,000 or more annually to KC STEM Alliance or its programs, including special initiatives, specific event sponsorships and in-kind gifts. Durable in-kind gifts such as machinery and equipment will be recognized in the year they are given.

Regional STEM Leadership

- Representation on regional planning committees for FIRST and Project Lead the Way

Civic Recognition and Brand Awareness

- Participation in regional meetings and K-12 professional development meetings
- Logo recognition on sponsor page of kcstem.org
- Logo recognition on KC STEM outreach materials, including collateral, e-newsletters, advertisements, etc.
- Logo recognition on Project Lead the Way engineering notebooks distributed to 5,700 students annually
- Involvement in regional collaborative, cross-promotional opportunities and public relations efforts
- KC STEM staff assistance for company-specific STEM strategies and outreach

Workforce Development

- Opportunity to connect with post-secondary partners
- Opportunity to connect directly with STEM students for internships, job shadows, outreach programs
- Coordination of volunteer opportunities for employee engagement

Strategic Investment

- Support targeted grant making, activities and events that serve K-12 students, with special attention to underserved populations

Silver Sponsor

Definition: Corporations or foundations that contribute \$10,000-\$24,999 annually to KC STEM Alliance or its programs, including special initiatives, specific event sponsorships and in-kind gifts. Durable in-kind gifts such as machinery and equipment will be recognized in the year they are given.

Civic Recognition and Brand Awareness

- Logo recognition on sponsor page of kcstem.org
- Logo recognition on materials with complete listing of alliance sponsors
- Involvement in regional collaborative, cross-promotional opportunities and public relations efforts
- KC STEM staff assistance for company-specific STEM strategies and outreach

Workforce Development

- Opportunity to connect directly with STEM students for internships, job shadows, outreach programs
- Coordination of volunteer opportunities for employee engagement

Strategic Investment

- Support targeted grant making, activities and events that serve K-12 students, with special attention to underserved populations

Program Partner

Definition: Corporations, foundations and non-profits that collaborate with KC STEM Alliance on programming, networking, providing mentors and other resource sharing. Program partners will be recognized on kcstem.org and materials relevant to the partnership.

NOTE: Organizations that invest in specific programs (i.e. *KC FIRST* events or special initiatives such as Girls in Tech KC) will receive additional recognition at events or on materials associated with those activities as specified in the sponsorship agreement. The KC STEM Alliance sponsorship level is determined by total support given during a single fiscal year.
